Paone

STORIA E VALORI

La Domenico Paone fu Erasmo S.p.A. fu fondata nel 1878 da Domenico Paone, nominato in seguito cavaliere del lavoro. Il Pastificio, nato pochi anni dopo l'unione del regno d'Italia come piccolo laboratorio artigianale, utilizzava i propri motovelieri per il trasporto del grano dal porto di Napoli al pontile dello stabilimento.

Rileggere la storia del pastificio è un po' come leggere la storia dell'Italia: intere distruzioni ed onerose ricostruzioni si sono avvicendate durante le due guerre mondiali, fino ad arrivare ai giorni nostri con la realizzazione del nuovo sito produttivo nel gennaio 2011. Da allora l'azienda Paone produce pasta rispettando i dettami della tradizione: selezione delle migliori semole di grano duro, fresca acqua naturale e giusti tempi di essiccazione, il tutto unito ad una attività continua di ricerca ed all'esperienza maturata in tutti questi anni di produzione.

Oggi nel panorama mondiale, il pastificio Paone è una delle più antiche e qualificate aziende italiane produttrici di pasta alimentare di alta qualità. La pasta è un alimento antichissimo, già conosciuto nell'area mediterranea a partire dalla fine del primo millennio e diffusosi rapidamente in Italia tra i secoli X ed il XI. Fino a tutto il secolo XIX veniva prodotta secondo tecniche tradizionali, tramandate da una generazione all'altra di pastai.

I suoi ingredienti sono molto semplici: semola di grano duro ed acqua. Nessun conservante, nessun additivo, nessun colorante. Per questo è importante che entrambi gli ingredienti siano di ottima qualità.

La conoscenza scaturita dalla nostra lunga attività ci permette di selezionare le migliori semole di grano duro presenti sul mercato italiano che, unite all'eccellente acqua della nostra sorgente naturale, rendono la pasta Paone un prodotto di alta qualità. La pasta è un alimento sano e bilanciato, contenente il giusto apporto di carboidrati, proteine e fibre ed è parte integrante della dieta mediterranea, raccomandata dai maggiori nutrizionisti di fama mondiale. Il suo sapore e la sua semplicità la rendono adatta alle più variegate preparazioni gastronomiche. Il pastificio Paone produce oltre 100 formati differenti di pasta proprio per soddisfare le esigenze dei consumatori.
